GETACHER ASHEBIR

Senior FullStack Developer | Back-end Specialist

📞 +251949821895   @ getacherashebir@gmail.com   📍 Adiss Ababa, Ethiopia

STRENGTHS

⚡ Comprehensive Development Skills

Extensive expertise in both front-end and back-end technologies allows for the creation and management of full-stack applications, ensuring a seamless user experience.

💡 Proven Problem-Solving Abilities

A strong track record of promptly addressing and rectifying website issues demonstrates analytical and troubleshooting skills, effectively enhancing site performance.

🤝 Effective Project Management and Collaboration

Thrives in collaborative environments, leveraging experience in leading projects and teams to understand stakeholder requirements and deliver impactful solutions.

SKILLS

Programming Languages & Frameworks

C#, .NET Framework, CSS3, React, Next.js, Vue.js, Angular, TypeScript, Node.js, JavaScript, HTML5, PHP, Microsoft Power Automate, SQL, PostgreSQL, MongoDB, Python, Java, MATLAB, PROLOG, Django

Web Development Skills

Responsive Design, User Interface (UI) Design, Cross-Browser Compatibility, RESTful API Development, Microservices Architecture, Query Optimization, Data Security, Continuous Integration/Continuous Deployment (CI/CD)

Tools & Technologies

Version Control (Git), Task Automation, Content Management Systems (CMS), Azure (Cloud Services), , ,

PASSIONS

🪄 Coding

Love designing and creating intuitive user experiences through code.

SUMMARY

As an accomplished Senior Full Stack Developer with over 3 years of experience, I have a well-rounded skill set in front-end, back-end, and desktop application development, specializing in C#, .NET, and JavaScript frameworks. Over the past three years, I've contributed my expertise at Ethiopian Airlines and BluVibe Systems Solution, where I developed robust, user-friendly e-service applications that streamline workflows and enable users to manage tasks effortlessly. My work with Microsoft Power Automate has also empowered clients to automate processes, reducing manual effort and enhancing productivity. By rebranding websites and optimizing user experiences, I'm eager to apply my technical expertise and strategic approach to new projects to deliver impactful solutions.

EXPERIENCE

Senior Full Stack Developer   2022 - Present

Ethiopian Airlines   Addis Ababa, Ethiopia

Performed front-end development while maintaining cross-browser compatibility, and executed updates and fixes.

- Implemented designs using Figma, significantly improving visual appeal and user engagement
- Successfully developed cross-device and cross-browser compatible solutions using Microsoft Power Automate, desktop applications, and e-service projects, ensuring a seamless user experience across various platforms.
- Adapted multiple websites to be fully mobile-responsive, significantly enhancing mobile traffic and improving user engagement.
- Promptly resolved numerous website issues as a full-stack developer, resulting in improved site performance and enhanced user experience.

Full Stack Developer   2021 - 2022

Blue Vibe System Solution.   Addis Ababa, Ethiopia

Worked on website production while maintaining version control, and provided real-time data visualizations.

- Developed and maintained JavaScript for real-time data visualization leading to increased user interaction
- Implemented events and data layers effectively, enhancing overall site performance and providing valuable insights for both front-end and back-end optimization.
- Controlled version releases using GitHub, ensuring smooth deployments
- Built websites that were responsive and mobile-first, enhancing the overall mobile user experience

EDUCATION

Bachelor of Science in Computer Science   2016 - 2021

Dilla University   Addis Ababa, Ethiopia
